Malian Bioinformatics Days

Topic

"Bioinformatics and Data Science in Global Health Research"

Date : July 23, 2022

Location : ACE-B, campus de Badalabougou, Bamako and ZOOM

CALL FOR ABSTRACTS

Background

The African Center of Excellence in Bioinformatics and Data Science (ACE-Mali) is a research and training center established in December 2014 through a fruitful collaboration between the National Institutes of Health (NIH) of USA and the University of Sciences, Techniques and Technologies of Bamako (USTTB), Mali. The center aims to overcome barriers in life sciences research in Mali and in Africa by offering high-performance computing infrastructure, expertise, training, and tools in Bioinformatics and Data science to African researchers and scientists.

ACE- Mali is pleased to announce a call for abstracts for the inaugural "*Malian Bioinformatics Days*" Symposium that will focus on significant contributions of Bioinformatics, Data science and related fields in Global Health Research.

Abstracts Submission Guidelines

Abstracts should be in English and not exceed 250 words. Instructions as following: **Font**: *Times New Roman*; **Size:** *12*, **Title**: *bold font*; Authors addresses and affiliation underneath the title; and presenting author underlined. Abstracts should include sections titled **Introduction, Objectives, Methodology, Results, and Conclusion**.

Key words should be included at the bottom of the page, file types should be in Microsoft Word or PDF. All presentations will be delivered orally in English.

All applications should be submitted by **July 13, 2024** via this link**: Lien**

Notification to authors of accepted communication: **July 18, 2024**

Contacts Emails: fatoumata.fofana@icermali.org; diabateoudou@icermali.org

Developing Expertise in Bioinformatics for sustainable research in Africa
